Sport Shooting Training – Sport Competition

Universal Classic – Paradox Special

Law enforcement – Door breaching – Lethal

Rifled Sabot

The most advanced type of sabot slugs. Complete protection of the barrel during the shooting.

These spinning slugs guarantee stable and very accurate results.

Rifled sabot slugs can be used in all types of shotguns with any barrel chokes.

Scorpion & Gecon

Superior penetration power.

Provides deep penetration and bloody trail.

Very universal all-purpose usage.

Gekon version is 100% lead-free.

Scorpion	12x70	34,7 g				
Gecon	12x70	22,0 g				

Shershen

Guaranteed expansion power and

huge stopping effect. Excellent choice
for hoofed game hunting in any conditions.

	12x70	32,3 g				

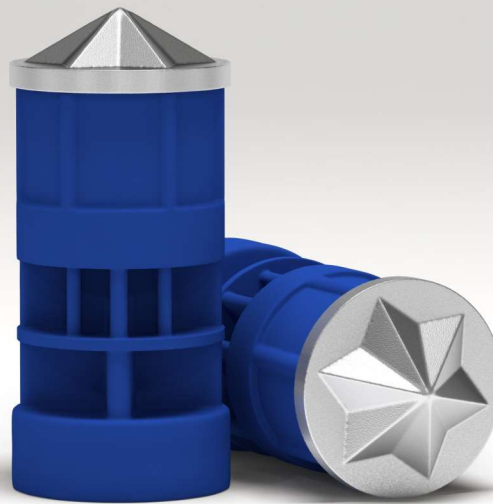

Hybrid Sabot

Unique hybrid type of slug, that combines the best advantages of both, sabot and caliber slugs.

Excellent balance of aerodynamical properties.

Ensures minimum contact of lead part with barrel during the shooting.

Rifled hybrid slug can be used in all types of shotguns with any barrel chokes.

Sheriff

Reliable accuracy and great penetration ability.

Minimum ricochet. Very favorable for classical hunting and sports shooting.

Fantastic results in “slug rifled” barrels.

12x70

32,0 g

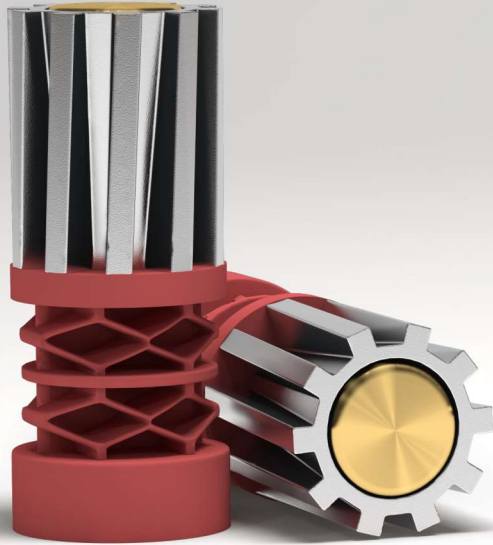

Die-pressed Hi-tech Spin

Very progressive and advanced type of spinning rifled slugs.

Super precise hi-tech die-pressing of details.

Unique combination of the highest precision, great penetration and stopping power at the farthest distances.

Perfect for all types of shotguns with any barrel chokes.

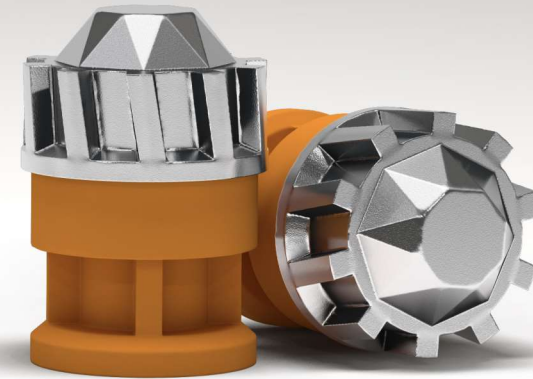

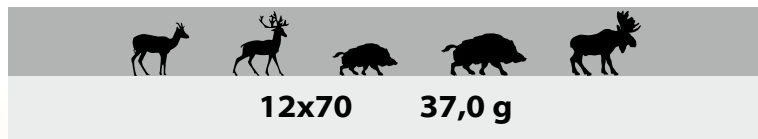

Tornado

Unique architecture guarantees ideal expansion thanks to airtight cavity and brass upper center.

Perfect choice for hunting in woods and thicket.

Huge stopping power.

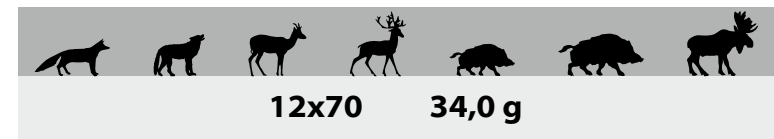

Carat

Perfect accuracy and perfect penetration.

The best choice for hunting large, huge and sturdy game.

Excellent results at any distance.

EXTRA DESIGN - possibility to stamp company's logo onto brass center

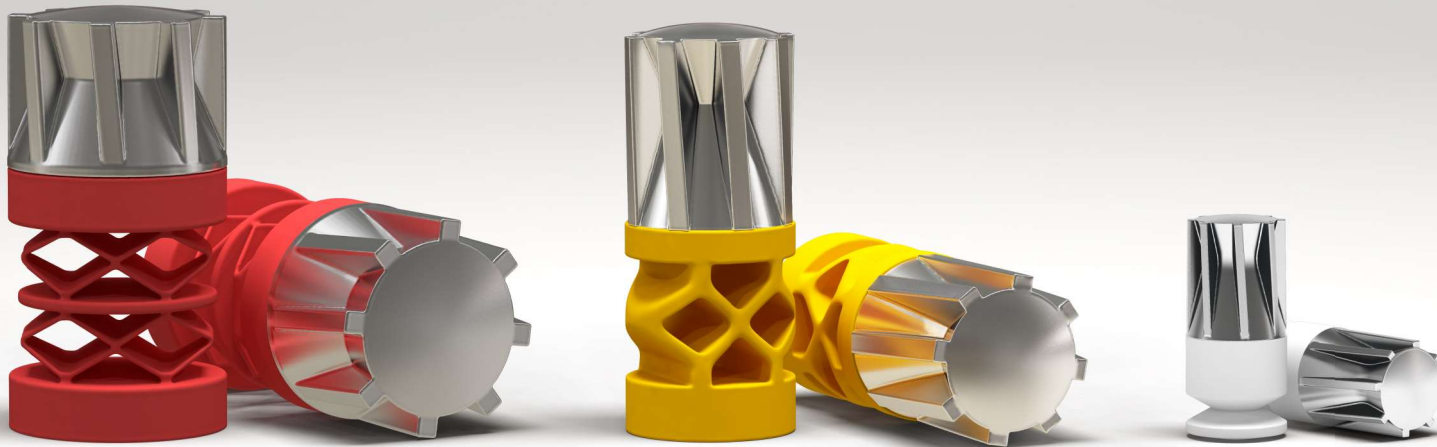

Perfect Universal Spin

Original slugs, manufactured by high-precision die-casting.

Guaranteed spinning, high accuracy and high initial velocity.

Absolutely universal usage and reliability at all the types of hunting.

These rifled slugs can be used in all types of shotguns with any barrel chokes.

Diabolo Spin K

Next generation of the beloved “Diabolo Spin” range.

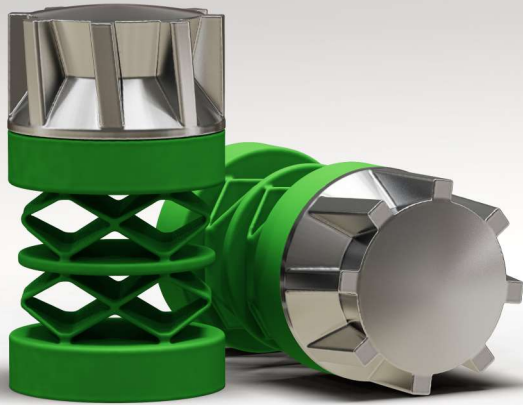

The upgraded “Diabolo Spin K” line has matching plastic container, for super stable flight trajectory and increased maximal shooting distance.

						
12x70			32,0 g			
20x70			24,5 g			
410x76			8,0 g			

Sport Shooting Training

Along with slugs for super results in competitions, there is an equally important range for day-by-day shooting trainings.

Extra attention to the comfort of shooter and reliability of results in intensive mode.
For all types of shotguns with any barrel chokes.

Diabolo Spin Ultra

Special sportive version of “Diabolo Spin K” slug.
Lighter weight adjusted to all
types of dynamic shooting.
High accuracy for all sports and tactical exercises.

12x70 26,0 g

Practice Short

Light slug that gives minor, imperceptible recoil.
Proved itself as massive hit for beginners,
especially children and women.
Very effective for all exercises up to 30 meters.

12x67 22,5 g

Sport Superb Performance

The perfect slugs for various types of sports shooting disciplines.

Die-pressing of lead for superior accuracy.

Proven results at multiple international competitions.

Troubleproof usage in any modification of shotgun.

Practice Champion Mini

The shortest slug that works perfectly
in cartridges of minimal length,
from 38 mm to 43 mm.

Great accuracy for the tiniest rounds.

12x50 27,7 g

Practice Champion

One of the most popular slugs in demand
for practical shooting in Europe.

The production technology allows to create slugs as
identical clones, that guarantees stable equal results.

12x70 27,5 g
20x70 19,0 g

Universal Classics

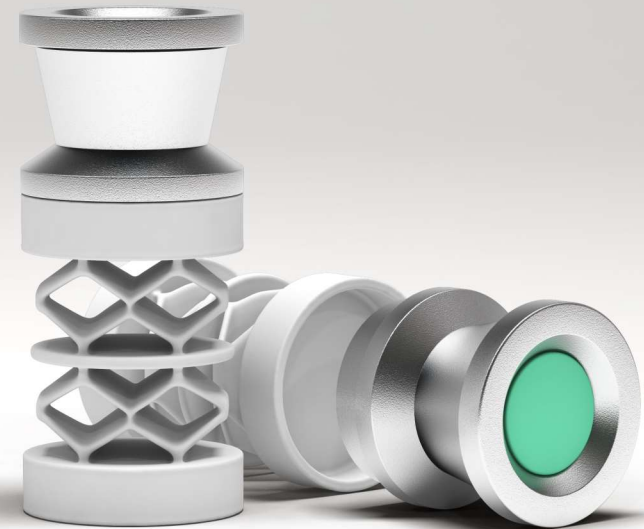

The effective classic slugs that remain in assortment throughout the years.
Reliable and popular, perfect for all types of shotguns with any barrel chokes.

Hurricane
